WE SEND YOUR RESUMES FOR YOU CLICK HERE TO SEND us your current resume for a FREE CRITIQUE and option to keyword optimize your resume

## **WE SEND YOUR RESUMES FOR YOU**

So many job seekers today are still so busy with their daily lives, working two jobs, trying to make ends meet in the gig economy. We try to make the tedious task of tweaking and tailoring each resume to each job ad go away so you can focus on practicing for the interview.

- We keyword scan and edit/develop portions of any resume YOU give us to match a job ad you select (provided you have 75% of the skills)
  - If resume needs a complete re-write an additional fee may apply which is discussed ahead of time with you.
  - We submit your online application/s for you ensuring that the resume parses correctly and keywords are highlighted in every section..
  - We attempt to get the hiring person's name and either mail resume via USPS, fax, or direct email (one, or all of these if possible but not guaranteed).
-

- Hourly Rate \$95 per hour (Can be changed to a project rate after 3 hours by signing a project agreement that saves the client money.)

### **3 MONTH REPUTATION DEFENSE STARTER PACKAGE**

- Client pays \$11.66 per month (3 month minimum) to Brand Yourself web scraping service and creates a generic password to give to The Talent Mill's technical writer.
- Client pays \$260.00 per month (3 month minimum) to The Talent Mill | Job Search Superhero team via Paypal invoice for a 3 month subscription to the BrandYourself web-scraping service while we guide you.
- This is a Reputation Protection Package where writers will develop alternate websites like Facebook, Twitter, Instagram, Pinterest, LinkedIn, a personal or business blog or website, and other web entries in order to help bury the negative results about the client back to the 4th and 5th pages of Google search results for your name. Progress reports are emailed to the client each month.
- At the end of the 3 month subscription we show you how to conduct this reputation defense on your own and show you how to do it with a step by step video, and PDF tutorials, and/or guided remote lesson (which is an add-on service at \$95 per hour).
- We can also renew the service after the 3 month starter package and continue to write content for the client and actively monitor the web for negative results. The burying of negative results does not happen overnight so the longer you can actively work to suppress them the better your web results will tend to be.
